

Silicon Motion Technology Corporation (NasdaqGS: SIMO) is the global leader and pioneer in developing NAND flash controllers for solid state storage devices. We have the broadest portfolio of controller technologies and solutions and ship over 750 million NAND controllers annually and have shipped over five billion NAND controllers in the last ten years, more than any other company in the world.

Our primary products are controllers used in embedded storage products such as SSDs and eMMCs, which are widely used in consumer devices such as smartphones, tablets and PCs and for enterprise, industrial, commercial and other applications. Our customers include most of the NAND flash makers, leading technology OEMs, and the majority of storage device module makers. More NAND flash components, especially next-generation 3D flash, produced by Intel, Micron, Samsung, SK Hynix, Toshiba and Western Digital are supported by Silicon Motion controllers than any other company.
